Exhibit A

11-21-2023

Esteemed Judge Philip M. Halpern,

I Roman Munoz address you wishing you a good day and thanking you for your time in reading my letter. I want to ask for forgiveness to you and my family for the mistake I made...

I lost my father when I was 8 years old. I was raised by my grandparents on my mother's side. They taught me values, to value what little we had. They taught me to help whoever I could. I did not have any toys in my childhood but it was very beautiful because with my grandparents I enjoyed nature that God gave us: the rain, the heat, the work on the field, their company, their care of me, their company during meals, how they taught me to work, how to do things well growing up. I came illegally to work in the USA I worked in the agricultural fields in lettuce, broccoli, strawberries, in whatever was available. I always tried to help my family and whoever needed me, I always tried to do the right thing. That is why I ask for great forgiveness to you your Honor, to my family, to God, and to society. I know to make mistakes, in an instant you don't even realize and today I ask myself, why, why.

I am a person with faults but I have always worked on the agricultural fields in California and Arizona. I am always in touch with all my family to know how they are doing. After my separation from Virginia, I moved to live in Arizona.

In Arizona I met Ener Ruiz. We had a relationship that lasted 12 years. We had a son born born. We always worked on the agricultural fields working as a truck driver moving fruits and vegetables and legumes, all the merchandise. I enjoy my job. When I committed this mistake 7 months before, I had I leave I was leaving this world.

I felt alone without realizing that God and the people that love me were with me, the doctors and medicine, a little bit of everything.

The fault I committed, I felt pressured due to lack of work and for my disease where I lasted three months being sick and the doctors and my situation, it led me to the easiest path. That was my mistake that I made for which I am very sorry.

This time here at the jail has taught me what is not right and has taught me to value life, and my time with my family and those individuals who love me, more.

My plan is when I get out to dedicate time to my son and be closer for him and my family and to be there for him in his graduation from his school. And continuing working as I was always taught.

I am a person that doesn't like to impose upon other people, I always rely on myself and will always apologize for my mistake. I want to apologize to society, my family, and to God for my fault that I committed. I also apologize to you, your Honor.

Thank you very much for your time for everything, thank you your Honor, God bless you and take care of you always.

Roman Munoz
